# DELLA FORMICA

SCUOLA DELL'INFANZIA « M. BAMBINA »  
SAN BARTOLOMEO IN BOSCO  
FERRARA

► Una formica di nome Giuli, era stanca di stare sempre chiusa nel suo formicaio e decise di uscire all'avventura.

Nell'orto, trovò una bicicletta che era magica, così sarebbe andata sicuramente più in fretta; la prese e cominciò a pedalare.

Durante il suo viaggio incontrò una bambina Gelsomina e le chiese: "vuoi venire al mare con me?"

“Ma certo, vengo volentieri ” disse Gelsomina e insieme partirono .

Per strada videro un canguro, tutto solo, che gli chiese: ”

posso venire anch'io con voi? sembrate simpatici..”

La formica, caricò Pik il canguro sul cannone della bicicletta e sfrecciarono di nuovo.

Tutti insieme raggiunsero il mare, ma siccome la bicicletta era magica andarono così veloci ma così

veloci, che caddero

in acqua

tutti e

tre.

Cominciarono a nuotare e improvvisamente apparve davanti ai loro occhi un'isola.

Avevano freddo, ma continuarono a nuotare finche' non raggiunsero la riva.

Sull'isola videro una casa di legno abitata da un bambino Igor e in lontananza un villaggio abitato da nani.

Igor disse loro di stare attenti perché i nani che abitavano l' isola mangiavano formiche e canguri.

Così li portò dalla sua amica papera Qua qua che conosceva bene il posto e cosa fare; girò a destra

poi giro a sinistra, poi curvò, poi ancora a sinistra.

Lì c'era un fiore magico gigante che rendeva invisibili.

Se si toccava il petalo con le zampette e si sfregava un po', tutto per loro sarebbe stato risolto.

Gelsomina e Igor pensarono che l'unica soluzione era lanciare in alto forte la formica e chi meglio

del canguro che era grande e saltava?

Prese la rincorsa e saltarono insieme sul fiore diventando invisibili.

Igor e Qua qua che conoscevano l'isola li portarono di corsa verso una caverna nascosta fra gli alberi.

Dentro c'era una nave abbandonata. "Venite con noi amici che scappiamo tutti insieme?"

Al si, Gelsomina, Igor, la papera Qua qua, la formica Giuli e il canguro Pik invisibili, cominciarono a

trascinare e spingere la nave per il bosco, che magicamente, non era pesante.

Salparono in mare e mentre andavano sempre più lontano dall'isola all' improvviso..

la formica e il canguro tornarono visibili per la gioia di tutti!

Era quasi sera quando in lontananza la formica Giuli, Pik,

Gelsomina rividero

il loro orto e le

loro case.

Un viaggio davvero avventuroso.. e.. anche la conoscenza di nuovi amici!!
